6. ACCIDENTAL RELEASE MEASURES

Methods for Cleaning up

Recovery if not contaminated or Disposal

Personal Precautions Pellets or powder remained on ground may

cause slipping

Environmental Precautions Gather pellets and powder thoroughly to

avoid birds or fishes taking from draining

water.

7. HANDLING AND STORAGE

Handling Prevent from fire around handling area.

Maintain good housekeeping standards to

prevent accumulation of dust. To avoid dust

explosion resulting from the existence of

powder, electrostatics eliminators and

grounding should be fixed to such equipment

as air transferring pipes, bag filters and

hoppers. Use electrically conductive filters for

bag filters.

Storage Keep the materials at a cool dry place. Protect

from direct sunlight, rain and violent

temperature fluctuation. Fire is inhibited

around storage area.
